- ☐ During COVID
- ☐ After COVID

Cabin

- ☐ Business
- ☐ Economy
- ☐ Premium Economy

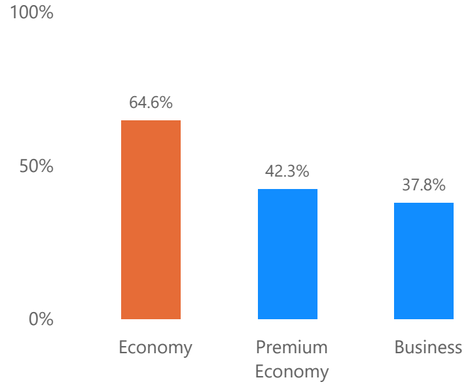

BQ1: Average Rating by Service Area (out of 5)

Cabin Staff strongest, Wifi weakest.

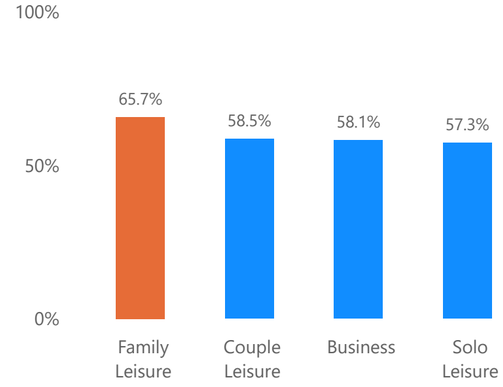

BQ2a: % Not Recommending by Cabin

Economy is least happy

BQ2b: % Not Recommending by Traveller Type

Family travellers are least happy

Key Insights

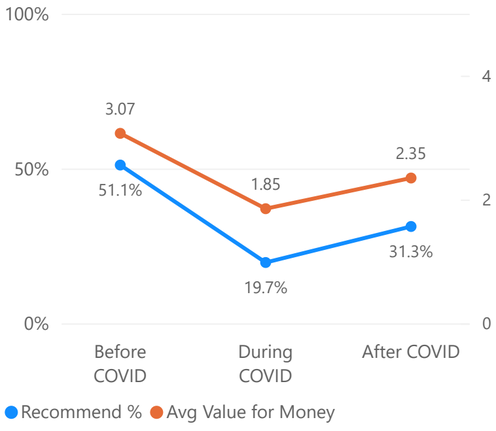

1. Overall rating is low: 4.89 / 10, and only 41% recommend Air NZ.
2. Wifi and Value for Money are the weakest service areas.
3. Economy (65%) and Family travellers (66%) are the least happy groups.
4. Recommendation fell from 51% to 20% during COVID and has only recovered to 31%.
5. Value for money is the strongest driver of overall rating (0.90).
6. Verified reviews rate higher (4.86) than unverified (3.35).

Recommendation

Improve value-for-money perception for Economy and family travellers: clearer pricing, fewer extra fees, and better included services.

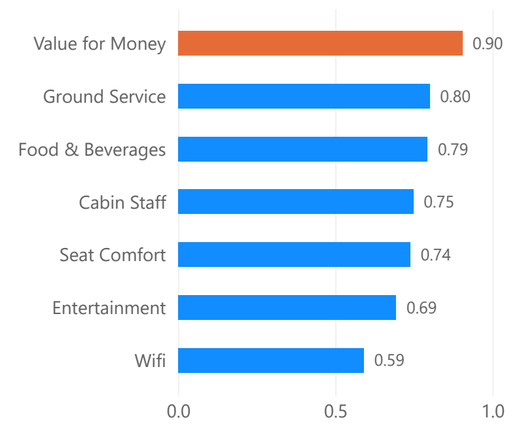

BQ3: Recommendation & Value for Money across COVID

Big drop during COVID, only partial recovery

BQ4: What drives the Overall Rating? (correlation, 0–1)

Value for money has the strongest link

BQ5: Avg Overall Rating – Verified vs Not Verified (out of 10)

Unverified reviews are more negative
